

# WE'LL GIVE YOU \$25\* FOR IT.

**Does your dog or cat have extra poop we could use to help other animals?**

Animal Medical Center of Seattle is looking for fecal donors for our Internal Medicine Department. AMCS uses fecal transplantation, which is the transfer of stool from a healthy donor into the gastrointestinal tract of a patient, to treat immune disorders.

**To become a donor your pet must meet the following requirements:**

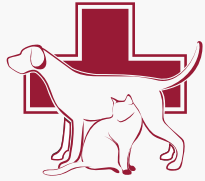

- 🐾 Not overweight, and over the age of one and under the age of seven years
- 🐾 Current on vaccines (provide proof from your regular veterinary clinic)
- 🐾 No endocrine disorders (hyper/hypothyroid)
- 🐾 Not have taken any antibiotics within six months of donation
- 🐾 Owners must be able to drop off a fecal sample (scheduled appointment)

**If interested please contact Ryan at [internalmed@AMCSVet.com](mailto:internalmed@AMCSVet.com)**

For each accepted poop donation, we'll give you a **\$25 Amazon gift card**, plus a free semi-annual fecal float.
