

All veterinarians are invited to join us for one festive evening with two CE credits – including dinner and a drink!

We'd be delighted if you could join us for our last CE of 2022, which, in the spirit of the Holiday Season, includes dinner, a drink and plenty of cheer...

#### Tracheal Disease in Dogs and Cats

Join Tanya Donovan, DVM, DACVIM who will share medical and interventional management of different tracheal diseases.

#### The Dos and Don'ts of Oncology Referral and Oncologic Palliative Care for the Primary Care Veterinarian

Join Brittany Evans, DVM, DACVIM (Oncology) who will be discussing staging diagnostics for the most common tumor types in small animal practice, along with key steps prior to referral. She will also be discussing palliative care options for the oncology patient who is not interested in referral.

We look forward to seeing you...

Dr. Tanya Donovan

Dr. Brittany Evans
